

WARRANTY CERTIFICATE

EXCLUSIVE 20 YEAR INSTALLATION WARRANTY

Proper preventive maintenance is what allows us to offer you this unique warranty. The only requirement to keep this warranty in force for a full 20 years is to have R&R Heating and A/C, Inc. perform annual preventive maintenance on your heating and/or cooling equipment. Without annual maintenance by R&R Heating, this warranty's duration is 2 years.

R&R HEATING & AIR CONDITIONING WILL WARRANTY THE FOLLOWING ITEMS, WHEN PURCHASED FROM AND INSTALLED BY US, FOR A FULL 20 YEARS AGAINST DEFECTS IN MATERIALS OR WORKMANSHIP, FROM THE DATE EQUIPMENT IS PLACED INTO OPERATION.

1. All duct work installed.
2. All duct work insulation.
3. All sheet metal straps, clamps, fasteners and hangers.
4. All condensate drain piping, hangers and fittings.
5. All high voltage electrical wiring, conduit, fittings, straps, clamps and terminal connectors.
6. All gas pipe, gas pipe fittings and hangers.
7. All low voltage electrical wiring, wire nuts and connectors.
8. All refrigerant piping is guaranteed to be refrigerant leak free; this warranty does not include the cost to gain access to underground or other inaccessible piping.
9. All refrigerant piping insulation and hangers.
10. All equipment pads, stands and vibration elimination devices.

Repairs, damage, or alteration by anyone other than R&R Heating will void this warranty.
